

ADVANCE WARNING of a **PLANNED POWER CUT**

We're sorry for any inconvenience caused.

On: Thursday 16th September 2021 **From** (approximately): 09-00 **To** (approximately): 15-00

Everything will be done to reconnect your supply as early as possible. However, if we do encounter unexpected problems the interruption may continue for slightly longer than stated above. Please note that during this time your power may go on and off.

This is because:

We are trimming trees near power lines

In order to carry out this work safely we need to shut down the power on the date specified on this notice. We will do our best to keep the time the power is off to a minimum. Thank you in advance for your cooperation.

Any questions, please call: between 0830 and 1700 BTS GROUP 0800 3265341

Or call us 24hrs a day on: 0800 31 63 105 (free to call from a mobile phone or landline)

Who are UK Power Networks?

We own and maintain your electricity cables and power lines if you live in London, the South East or East of England. We maintain and upgrade power equipment. We move and connect new electricity cables.

Please quote this reference number: Inc No 7963 - O (Bee Willow Fm Tx)

Additional Information:

We have identified that there are trees close to our high voltage overhead electricity cables Nr the Bowls Green, Mill Rd, Wiggshall St Germans that need trimming. To enable us to work close to the high voltage overhead electricity cables and cut the trees safely our engineers will need to temporarily switch off your power. This work needs to take place for safety reasons, along with reducing the risk of you having an unplanned power cut. We are sorry for any inconvenience caused by this work and thank you for your patience.

Do you live in a flat, apartment or maisonette? If so please let other residents know about this planned power cut by displaying this notice prominently in the building.
